

## TBS-4PC Portable beverage Twin Blade Saw

### Description

In many situations, it is useful to be able to carry around a beverage twin blade saw. Technicians can bundle this with a portable version of our reknown [SEAMetal HD](#) or [SEAMetal SD](#) seam inspection systems for a fully portable seam inspection solution.

- Quick manual operation.
- Cuts double seams easily with little or no deformation.
- External power only!.
- Works well with fragile aluminum cans.
- single sleeve design (primarily for a specific can diameter).
- Easy to carry and operate.
- Very simple maintenance
- Specially designed case for traveling
- **No noise isolation capabilities.**
- **light weight!**
